**Big Madison County Firm Turns Its Property Over to Assignees.**

**\$300,000 INVOLVED IN THE FAILURE.**

Failing to effect a satisfactory compromise with their creditors, E. B. and W. S. Hume, proprietors of the mammoth coöperative plant at Richmond, Ky., and other business interests in Madison county, filed a deed of assignment on Aug. 1st. Harvey W. Cheneau, of Richmond, and L. V. Harrington, of Atlanta, Ga., brothers-in-law of the Humes are named as assignees. It is understood that the firm is heavily involved, liabilities something like \$300,000. To offset this are assets amounting to nearly \$200,000, which includes their big plant, the Hume distillery at Silver Creek and other holdings.

Hiram Blow and other Louisville creditors at the recent conference of the creditors in Richmond, did not consent to an extension of time, but filed a petition in bankruptcy in the United States Court at Covington, before Judge Cochran, in which the insolvency of the firm was alleged.

It is said that four banks of Richmond were all caught in the failure for large amounts each, varying from \$15,000 to \$20,000.

The coöperative plant operated by the firm, and which has been forced to suspend, was the second largest barrel factory in the United States, employing about 250 men. It had a capacity of 1,500 finished barrels a day, and its pay roll exceeded \$100,000 annually. The firm also owned a controlling interest in the electric light plant of the city. The failure is one of the largest ever recorded in this section.

### Petition Filed By Mrs. Marcum to Perpetuate Felner's Testimony.

An important step was taken in Winchester by the attorneys for Mrs. Marcum, in her \$100,000 damage suit against the Hargies, French and Callahan for the purpose of perpetuating the testimony of Mose Felner.

Her Attorneys, Byrd & Jouett, filed a petition in Judge Benton's court asking for an order for the taking of Mose Felner's deposition on the general allegation that Felner may be killed and her cause thus bereft of his important testimony.

In the allegations of the petition appear the following significant language:

"Plaintiffs say that in said action they expect to prove by M. B. Felner that these defendants plot in divers occasions and at different times tried to employ him to kill and murder said James B. Marcum, and by said Felner they expect to prove the various plots and plans laid and devised and instigated by these defendants with Tom White and others to assassinate said James B. Marcum."

### Fell Dead.

A man fell dead in Chicago the other day from heart trouble, and thousands die every day in the same way. But the cause of nine out of ten such cases of heart trouble is indigestion. The cure is Dr. Caldwell's (laxative) Syrup Pepsi. The swollen, inflamed, and engorged stomach, presses right up against the heart and prevents it from working; your heart flutters, palpitates, pains and you are short of breath; some lose it forever. Just try for these symptoms, a few doses of Dr. Caldwell's Syrup Pepsi, and see how quickly it will cure you. Sold by W. S. Lloyd at 50¢ and \$1.00 Money back if it fails. 3-5t.

### Who Got Your Umbrella?

A Massachusetts Judge has officially decided that an umbrella is property and fined a man \$10 for appropriating to his own use one belonging to another person.

The appropriation of other people's umbrellas has become so common that it has ceased to be a joke. The taking of them seems to be regarded as legitimate as picking up a lost pin, and the public conscience has become so demoralized that the name of an owner with his address, attached to an umbrella, is no safeguard to it if left in a public place, or against appropriation by persons who would be shocked to be thought capable of stealing any other species of property.

### Hints to Houseworkers.

Nothing is more important to the hardworking housekeeper, than to keep her liver properly working; otherwise, that pale, shallow look, and tired feeling, will make her look and feel as sick as a dog. Nothing will keep you up to the mark, with out injurious stimulation, so well as Dr. Caldwell's (laxative) Syrup Pepsi. It is a pure liver tonic—a cure for Constipation, Biliousness, and Indigestion. Sold by W. S. Lloyd at 50¢ and \$1.00. Money back if it fails. 3-5t.

### Same Here.

Father—My boy, try to be contented with what you have.

### How To Secure Claims—Great Rush Expected—Will Be 6,635 Homesteads Of 160 Acres Each.

After having given the Ute Indians about 362,000 acres (about half in common for grazing their herds, and the rest of it to them severally), Uncle Sam is about to throw open to the white citizens of his land the great Uintah reservation, barring a forest reserve of 1,100,000 acres and a military reservation of 3,840 acres.

This great country is practically unknown except to the Mormons. Two-thirds of it is said to be capable of great cultivation if it is irrigated.

### HOW TO SECURE CLAIMS.

Location—Northwestern Utah, untouched by a railroad. Areas to be opened—1,090,000 acres.

Price per acre—\$1.25.

Terms—Payable in five years.

Subject to "location" after August 28.

Registration must be in person, except in the case of old soldiers and sailors. These may register by mail to the General Land Office.

Others must register in person at Price, Provo, or Vernal, Utah, or Grand Junction, Col., between August 1 and August 12.

Registration fees (if you wish a claim) \$16.

Conditions for title—14 months' residence, permanent improvements and payment of fee and \$1.25 per acre.

Irrigation is necessary.

Cost to irrigate the Uintah lands, \$8 to \$10 per acre.

Federal Government fixed rates to be charged for water by canal companies.

Number of homesteads, of 160 acres each—6,635.

Minerals are known to be on the reservation, but practically all of these claims have been taken up with the consent of the Government.

Cost of railroad fare from Denver to Grand Junction and return, \$22.50.

Vernal is 300 miles west of Denver and 200 miles east of Salt Lake City.

First fifty choices will command big premiums, from mining prospectors. An alleged offer of \$60,000 for the first choice is said to exist.

### COAL, HAY, CORN AND OATS.

### Looks Like It Is Up To Taxpayers

Jeffersonville taxpayers are much dissatisfied with the operation of the law which creates city Judges in towns of Indiana. During July, Judge Schwaniger has collected only \$5 on fines in the Police Court to apply toward paying a salary of \$100. They think the law will work a hardship.

### Circuit Judge Wanted to Know If Any Of His Grand Jurors Had Ever Warmed Up To a Bribe Before Taking Up An Election Case.

In charging the Knox county grand jury, Judge Faulkner asked the jurymen if there was any of them who ever received or used money as bribe at an election, if so to step aside. No one was excused.

He then charged the jury to investigate the late election and indict any one who used money. He said it had reached the point in the mountains where, when a man announced for office or Congress, the first question was how much he had. He wants the mountains purified so that a poor boy may have the same chance as a rich man.

### Chicago Soon To Have "Scotland Yard" Of Her Own.

Chicago soon will have its own Scotland Yard. Chief of Police John M. Collins announced that he will establish a murder bureau under the tutelage of Assistant Chief Schuettler. The assistant chief will have on his special staff eight of the best detectives in the city.

As soon as a murder or any other big crime is committed, the "runners" from Schuettler's office will be on the scene with a photographer and an artist or a draftsman. Every bit of tangible evidence will be picked up, labelled and sent to the police in working up the case and in its prosecution in the criminal court.

### The Fear of Death

Often haunts the miserable, dyspeptic, bilious patients, who suffers from heart palpitations, chronic cough, melancholy, nervousness, headache, colic, constipation, etc. No need to fear, for in Dr. Caldwell's (laxative) Syrup Pepsi, you will find a safe, pleasant and perfect cure for all this pain, distress, and worry. It clears the brain, purifies the blood, and cures all forms of indigestion and bowel trouble. Try it. Sold by W. S. Lloyd at 50¢ and \$1.00. Money back if it fails. 3-5t.

### Tin Tags To Build Church.

J. P. Withrow, a merchant of Hollis, N. C., proposed to undertake to build church at Hollis with tobacco tags. He calls upon every tobacco chewer in America to aid him in this work, and tells them that they can contribute their part to this interdenominational church by saving their tobacco tags, instead of throwing them away, and sending them to him at Hollis post office, N. C.

### Police Removed And Teamsters Reinstated.

In Chicago the police were removed Aug. 1 from the wagons of many firms that had been strike bound for four months and correspondingly as many union drivers were restored to their old places. The Employers' Association reinstated the teamsters in a body and decided to lift the ban placed on all strikers a week ago. The boycott against five big coal companies is still on.

### Haggins Buys Another Farm.

Judge Schwaniger has collected only \$5 on fines in the Police Court to apply toward paying a salary of \$100. They think the law will work a hardship.

### IMPORTANT CHANGES IN CRIMINAL CODE Recommended By Commonwealth's Attorneys.

Important changes in the penal code of Kentucky were recommended by the Commonwealth's Attorney's Association in Kentucky, which has completed a three day's session at Grayson Springs.

The most important changes which were agreed upon as being desirable related to the jury system and the method of selecting jurors. The question of the number of number of challenges was considered, and it was agreed that the defense should be limited to ten, while the State should have the same number. At present the State has only five and the defense has fifteen. Another section of the code, relating to the eligibility of petit jurors, is defective, the attorneys think and they want it amended so that a man may serve as petit juror only once a year. This would do away with the professional juror.

As to the summoning of bystanders the Commonwealth's Attorneys believe that in order to complete a panel, for one or more bystanders be summoned, the Sheriff should be required to summon ten or twenty men. The names of all would be put in a box and the necessary number drawn therefrom by chance. The attorney's also decided that the official court stenographer should be in the grand jury room during the hearing of evidence before that body, if the Commonwealth's Attorney deemed it advisable. This would prevent false swearing before a grand jury or would make conviction easy.

### Stop Babies' Tears.

Ninety per cent of babies' troubles are caused by disordered stomach or bowels. They can all be quickly cured by a few doses of that great digestive medicine, Dr. Caldwell's (laxative) Syrup Pepsi. It digests curdled milk, sweetens the breath, relieves fever and relieves pain. Absolutely harmless to mother or child. Sure relief in teething. Sold by W. S. Lloyd at 50¢ and \$1.00. Money back if it fails. 3-5t.

### Odd Fellows.

From reports received from lodges in Kentucky there will be an increase in the membership of about 2,000. The membership in Kentucky now numbers about 20,500. When Grand Secretary Elliott was first elected there was not quite 7,000 members.

The Memphis Commercial Appeal looks a serious situation in the face thus happily:

Make up your mind.

That the yellow fever is not coming to Memphis.

That if it does come, you won't have it.

That if you get it, you won't die of it.

That if you do die of it, you are perhaps better off, and your creditors will mourn your untimely taking off.

Croup instantly relieved. Dr. Thomas' Electric Oil. Perfectly safe. Never fails. At any drug store. 3-5t.

### Dishonest Stork.

When the six-year-old son was taken in to see the new baby, he exclaimed:

"O mama, it hasn't any teeth!"

Then, clasping his hands in distress, he cried: "Somebody has cheated us. It's an old baby."

### HAY FEVER FOR 25 YEARS.

Well Known New England Woman Cured of Hay Fever—Cure Was Lasting.

The thousands of discouraged people who dread the approach of summer because they have hay fever and cannot find any relief from it, will read with interest and gratitude the following statement from Helen S. Williams of Mansfield, Mass.

"For 27 years, from the month of August until heavy frost, I have been afflicted with hay fever, growing worse and worse each year, until of late years I was unable to attend to my work during that period.

"Last summer I suffered a trial, and I am happy to say that it entirely cured me, and I have had no occurrence of the disease since."

Breathe the germ-killing and healing balsams of Hyomei and get rid of your hay fever,

The complete outfit costs but \$1, extra bottles 50 cents. W. S. Lloyd agrees to refund the money to any hay fever sufferer who uses Hyomei without benefit. Aug-23.

### Assistant Postmaster at Richmond Arrested by Inspectors.

John Ballard, assistant postmaster at Richmond, Ky., was arrested Thursday morning by Inspectors Speer, of Lexington, and Hennen, of Cincinnati, for rifling registered letters. Forty-two dollars extracted from a letter registered by B. Tipton, of Millers Creek, Ky., to L. A. Lauge & Co., Philadelphia, were found concealed on the person of the young man. He made a full confession.

Several complaints had been filed with the Postoffice Department. The guilty man (as usual) has hitherto borne the best reputation for honesty and efficiency and was only lately promoted. His arrest has caused a sensation. He is a nephew of the post master.

### Russian Torpedo Boats Attack Merchant Steamer.

On Thursday two Russian torpedo boat destroyers appeared on the northern coast of Korea and attacked a small merchant steamer. The destroyers fired sixty shots, seven of which hit the port side of the engine room and bridge, killing the Captain and one boy and wounding two of the crew. The destroyers then steamed toward Vladivostock.

Eczema, scald head, hives, itchiness of the skin of any sort instantly relieved, permanently cured. Doan's Ointment. At any drug store. 3-5t.

### Vermont Loses Three Towns To Canada.

Three towns in Northern Vermont with a total population of 4,500, have proven to be located in Canada. The towns are Richford, East Richford and Stevens Mills. A joint surveying commission was appointed to inspect the boundary line, and as a result a strip of land several miles in length and from one-half to one mile in width is found to belong to Canada. On this land is located the places. At Richford is located the Chinese detention station.

## ANNOUNCEMENTS.

We are authorized to announce JAMES L. BROWN as a candidate for Justice of Montgomery County, subject to the action of the Republican party.

## WILL GIVE THEIR BEST SERVICE.

At the last meeting of the City Council the Old Kentucky Telephone & Telegraph Company was cited to appear before an adjourned meeting of the Council, to show reason why its franchise should not be revoked because of bad service of said company to its local subscribers.

We have investigated the telephone situation here and we think that the Old Kentucky Company is using its best efforts to better the service, and, in fact, it has already been very much improved within the last week or so.

We find that the cause for the temporary bad service was a strike of the local operators for an increase of their salaries, which the company could not give them, on account of the low rates received by it for telephone service—the service rate being only \$12 per year.

Our advice would be that no arbitrary step be taken by our City Fathers.

What we want here is more capital invested; more new enterprises encouraged to come and invest their money. If we should attempt by the revocation of the Old Kentucky Company's franchise to destroy it, how could we expect other people with money to invest, to come here with it?

We feel sure, from what we are able to learn, that it will be only a short time before the telephone service will be just as good as ever.

## BUSINESS IS BUSINESS.

We have for some months past been publishing articles favorable to Christian Science. The space is paid for. To-day we publish an article, "Christian Science Denounced." This space is also paid for. Ours is strictly a religious paper, but parties wanting to promote or oppose any particular kind of religion must pay for the space—Winchester Sun-Sentinel.

There are other journals strictly denominational and they make a charge for obituaries because they occupy space and because it is off of space that they receive a pitiful remuneration. Such charges are legitimate and just. We would have our friends to discern the difference between a death notice and an obituary. A death notice is a news item, an obituary is a monument the likeness of which is unto marble.

The cross index question for this County is before a committee elsewhere mentioned. It is one of the County's actual needs and it is the wish of those mostly concerned that this work be pushed to a completion as rapidly as possible.

J. EARL MIDKIFF.

This sketch is for the purpose of introducing to the public Mr. J. Earl Midkiff, of whom the above is a likeness. He was born at Mt. Vernon, Ill., March 18, 1885; his father was stationed at that point as pastor of the Baptist church. Though Mr. Midkiff was born and reared in Illinois, both his parents are natives of Kentucky.

Mr. Midkiff is a graduate of the classical department of Ewing College, Ewing, Ill. Though the youngest member of his class, we are assured by the faculty that he always stood at the head. He is recommended by the faculty unanimously as a young man of pleasing address, sterling integrity, strong personality, and Christian character, possessing in large measure those qualities which fit a man to be an intellectual and social guide to young people.

He has had two years experience as teacher in the graded schools of Christian county, Ill., and is endorsed by the supervising officers as an unusually strong teacher.

He is an accomplished singer, and is touring this summer as second base in the Ewing College Quartet.

Mr. Midkiff has been unanimously elected by the board of trustees of the city school as first assistant in the high school to succeed Mr. W. F. Wyatt, resigned.

The ADVOCATE joins with the friends of the school in welcoming Mr. Midkiff to our city. We would have him be at home with us.

## Fever on the Isthmus.

Gov. Magoun's report for July on the yellow fever situation on the Isthmus shows an improvement over the preceding month. During July there were twenty-nine cases of fever. Since the present outbreak of fever on the Isthmus the latter part of April, there have been twenty-six deaths, and of this number fifteen were employees.

The average force during this quarter has been in excess of 10,000 employees.

## Pike Franchise.

A commission of the Bath Fiscal Court will on September 11 sell the franchise rights for telephones on all the pikes in the county.

## Turnpike Supervisor.

At the April term 1904 R. S. Stokely and W. W. Eubank were elected Turnpike Supervisors by the Fiscal Court of Montgomery County for the period of two years each, and each of them was to have charge of a certain number of pikes. Under a decision of the Court of Appeals rendered some time later it is held that county can have only one Turnpike Supervisor. At the April term 1905 of the Fiscal Court Mr. Stokely resigned as Supervisor, and his resignation was accepted by the Court. This left only one Supervisor, W. W. Eubank, who claims that within the law he is entitled to have Supervision of the entire County by virtue of his election as Supervisor for two years and that his term will not expire till April 1906.

At the April term 1905 a motion was carried by a vote of 4 to 2 that the County elect a Turnpike Supervisor and then Mr. T. J. Douglas received the vote of three magistrates and three others declined to vote.

Mr. Eubank contended that the Court had no right to hold an election as his time had not expired and would not until April 1906, and continued to discharge his duties as Supervisor for the whole County. On August 4 at a meeting of the Magistrates an order was passed by a vote of 4 to 2 declaring the office of Supervisor vacant and directing that Mr. Eubank be not recognized as such Supervisor. Eubank contended that the only way he can be removed from his office is that charges be filed against him and 10 days notice thereof be given him of same and only upon a trial of said charges can be removed or the office declared vacant. No charges of any kind being preferred against him and no trial of same being had and he not being removed for cause he claims that he is still legally the Turnpike Supervisor and that his term will not expire until April 1906.

## COUNTY AFFAIRS.

## Fiscal Court Items.

The court met on Friday.

The matter of re-indexing the records of the County Court Clerk's office was referred to a committee composed of R. G. Kern, Jno. G. Wink, C. C. Thompson, A. A. Hazelrigg and Jno. C. Trimble, who will be finally decided upon by the Fiscal Court at a subsequent meeting.

The County Treasurer is ordered to pay out of funds collected for turnpike purposes on the levy for 1905 any claims for work or services rendered on turnpikes to July, first, 1905.

Whereas, the Fiscal Court of Montgomery county, at its regular meeting in April, 1905, declared that a vacancy then existed in the office of Turnpike or Road Supervisor and at which time an order was entered directing that a Supervisor be elected, and whereas the said Court did at the time attempt to elect such officer but failed to do so, and County Judge having failed to appoint. Now it is ordered and declared that a vacancy exists in the office of Turnpike or Road Supervisor and has done very little work or no work or repairs on the pike could be made and the pike would go to ruin. In addition to this the turnpike companies have been unable to collect their tolls and free roads have not been repaired for many years. Consequently the pikes were all very much worn and badly in need of repair. The county thus started in with a heavy debt on it on account of turnpikes and has been struggling ever since to try and reduce the debt and at the same time keep up the pike and pay other obligations. There has been paid in principal and interest on the debt about \$55,000, the amount remaining unpaid being reduced to about \$37,233 of which amount about 31,000 pounds and the remaining 6,233 bring the total to \$43,466. Up to April, 1904, the magistrates had supervision of the turnpikes at which time two supervisors, R. S. Stokely and W. W. Eubank, were elected by the Court. The amount of travel on the pike since they were freed has been very largely increased and the wear and tear in proportion greater thus making it more expensive to keep them in repair. The cost of repairs on pikes has been charged up to each pike and has been paid on orders of the magistrates supervisors all of which are on file in County Clerk's office. Reports will be published showing amount spent by said supervisors and how spent, showing amount used on each pike and that the said work done was necessary and that the county got the benefit of every dollar spent. The amount of due and unpaid vouchers outstanding issued on account of repairs is about \$4,500 and there are available funds on hand with which they can be paid. The amount of vouchers for repairs issued on account of the levy of 1905 (which levy is about \$6,790 and when the levy of 1905 is collected and paid over by the Sheriff there will be ample funds to pay off all vouchers for repairs for 1905 and any remaining unpaid obligations for repairs and still something to further reduce the debt incurred for cost.

A statement will be published shortly which will give the financial condition of the county including the turnpike and cost, and amounts paid on purchase price, together with what has been spent for repairs on each and by whom spent, together with other information relative to the fiscal affairs of the county.

The average price paid last year on the estimated production of 115,000,000 pounds was 11 cents, which amounted to \$12,650,000.

Had it been sold at the fixed price of 6 cents, which was the average before the growers were organized, it would have brought \$6,900,000, leaving a net gain of \$5,750,000.

This sum has been put directly into the pockets of the burley growers through the firm stand they took, and despite the fact that the organization could not secure financial backing, through the collusion of the Standard oil interests. Organized on a solid foundation this year, with ample money behind the association, the tobacco industry of the State should be restored to the prestige it once enjoyed.—Mayville Bulletin.

**A Natural Result.**

It is reasonable to suppose if the foundation to a structure gives way, the building is bound to come down. The principle can be applied to the human body. If a man takes a cold, becomes ill, and a cure is sure to follow, Dyspepsia, indigestion, sick-headache and biliousness, then foundation is stomach disease. When the symptoms are over, there is no more. There is one cure drug-gels sell for 25¢ per box. It is Dr. Gunn's Improved Liver Pill. One for a dose. They make the cure by taking away the cause. For sale by U. S. Lloyd, Druggist.

**President Roosevelt Preaches a Sermon.**

On Sunday afternoon the President preached to the Christian Brotherhood in the Methodist Episcopal church at Oyster Bay. No previous announcements had been made. There were about 200 present. He emphasized the necessity of sound character building, holding that high moral character is the real essence of Christian life.

**Natural Gas for Mt. Sterling.**

An article in Sunday's Lexington Leader says that Lexington, Winchester and Mt. Sterling will be supplied with natural gas for fuel within a few months, probably by Thanksgiving. The supply is the Menefee county wells, where already 19 wells have been dug, yielding about 18,000,000 cubic feet per day, with a pressure of 90 pounds—ample sufficient to supply these cities.

The maximum price will not exceed 40¢ per 1,000—about one fourth of the present price—and will probably be as low as 30¢. Pipe laying can begin at these towns and at the wells at the same time and rapidly completed. Mt. Sterling will be reached by a branch from main line.

**Republican Ticket.**

On Saturday the Republicans of Lexington and Fayette county decided to put out full tickets. The leaders disregarded the directions of the negroes for a representative on the ticket.

**Government Health Authorities****Say Yellow Fever is Spread****by Mosquitoes Alone.**

The Public Health and Marine Hospital Service has issued a circular on the prevention of yellow fever. The directions given look to the suppression of the mosquito as the only means of preventing its spread.

"No mosquito, no yellow fever," is the motto of the circular.

The document continues as follows:

"The infection of yellow fever is carried by mosquitoes and by no other means is the infection spread. Persons take the disease by being bitten by mosquitoes that have previously bitten a yellow fever patient. The mosquitoes to become infected must bite a yellow fever patient during the first three days of his attack. It is often difficult to decide during the first three days whether a patient has yellow fever; hence the necessity in threatened communities of placing a mosquito bar immediately around every patient who has a fever of any kind and for at least three days."

**Government in Charge of Yellow Fever.**

President Roosevelt in response to urgent appeal from commercial and civic leagues in New Orleans has in behalf of the Federal Government placed Surgeon General Wynnmann, of the Marine Hospital Service, in control of the yellow fever situation.

His success was attained by

crossing common English and native California black walnut, and also by crossing two varieties of native black walnut. At present walnut wood for manufacturing purposes costs from \$25 to \$500 per 1,000 feet. When new varieties are grown the price will be greatly reduced.—N. Y. Sun.

Lost His Head.

A British soldier who had fought bravely during the Boer War, had occasion to seek employment of a well-known general. This private had had the misfortune to lose his nose while in action. The general was so tickled with the appearance of the private that he burst out into loud laughter, to the discomfiture of the private. The general said, when his laughter had subsided, "My good fellow, where did you lose your nose?" "I lost my nose, sir," said the nettled private, in the same battle that you lost your head."

The Wrong Button.

It was the day after the call for special arms for the heaten. The pastor bade her proceed. "Tell me all," he urged kindly, "I put a button in the contribution box," she said. He smiled. "And did your conscience trouble you?" he asked benignly. The woman raised her eyes earnestly. "No, it is not that," she said. "I put in the wrong button and broke a nail, and would like to exchange it, if you please."—Washington Life.

## ANTS BUILD GOOD ROADS.

They Are as Smooth as If Cemented from End to End—Greatest Constructors on Earth.

The greatest road builders in the world are a species of red ants found in South America. In building a road they carry minute particles of clay, with which they line all the roads as well as the galleries and passages of their nests till they look as smooth as if cemented by a master mason. Some idea of their number can be formed when it is remembered that the whole of this road to their tree, perhaps nearly half a mile long, is densely thronged with a multitude going out empty and coming back with their umbrelliclike burdens, while thousands upon thousands swarm in the doomed tree.

That this vast army is under the best discipline can be proved by watching them only a few moments. The drivers are constantly running up and down giving their orders to the workers, which they do by touching heads for a moment. The individuals, so touched will stop, turn back, hurry forward or show in some such way that he is following some command. But a better proof of the discipline is found in the fact that when the army meets with an obstacle, such as a log or large stone, there is a jam of ants on both sides and they run about in dismay and disorder. Instantly the drivers hurry up, showing the greatest excitement, and run over, around and under the impediment to find the best way out of the difficulty. When they have decided they lead off the line of march in the proper direction. But until they take this step the workers make no attempt to pass the obstacle.

When a selection of a level piece of ground has been made a perpendicular shaft some eight inches in diameter and six or seven feet deep is formed. This is for drainage and ventilation, never for ingress or egress. If the ground slopes the shaft is horizontal, the mouth, of course, being at the bottom of the hill. From the perpendicular shaft, commencing at the bottom, radiate galleries, like the spokes of a wheel set at a slight angle. At the end of each series of galleries spokes a circular gallery is made, forming, as it were, a set of wheels, one above the other. In, or rather above these circular galleries the nests of dwelling places are constructed. These are oval in shape and about a foot long. The narrow end of the oval is downward and opens into the roof of the gallery, and as the spokes always slope slightly toward the shaft no tropical rains, no matter how heavy, can enter the homes and breeding places of the ants.

NO FOOD FOR ELEVEN DAYS

Blind Indian Falls Into Mine Shaft and Subsists on Friends' Rescue Him.

Macey Ball, a blind Modoc Indian, living three miles northwest of Seneca, fell into an abandoned mining shaft about 60 feet deep, over which brush had been heaped. Eleven days later Ball was rescued. "There must have been considerable water in the shaft," says the Hustler, "as the Indian declares he never struck bottom. It seems that in some way, when he arose to the surface of the water, he caught on to something long enough to keep from drowning, and had dug a hole in the side of the shaft with his hands large enough to crawl into, and there he had remained the entire 11 days without food of any kind. A rope was lowered to him and he placed the noose around his body and was pulled out. He seemed none the worse for his fasting, as he was able to walk home, about half a mile. Sam Lawyer had been out hunting for the missing man, and his dogs, passing the shaft, heard the Indians making queer sounds, peculiar to his tribe, and set up a howl. Sam looked into the shaft, but could see no one, as Macey had burrowed deep enough to be entirely out of sight, but he heard him and secured the help of Ben Lawyer and Tom Welsh and they rescued the imprisoned man."

## Sick Headache

When your head aches, there is a storm in the nervous system, causing the brain to irritate.

This irritation produces pain in the head, and the turbulent nerve current sent to the stomach causes nausea, vomiting.

This is sick headache, and is dangerous, as frequent and prolonged attacks weaken the brain, resulting in loss of memory, inflammation, epilepsy, fits, dizziness, etc.

Alay this stormy, irritated, aching condition, taking Dr. Miles' Anti-Pain Pills.

They stop the pain by soothing, strengthening and relieving the tension upon the nerves—not by paralyzing them, as do most headache remedies.

Dr. Miles' Anti-Pain Pills do not contain opium, morphine, chloral, cocaine or similar drugs.

"Sick headache is hereditary in my family, and when we were young we could not attend to business affairs because of it. I have had many severe attacks of headache, but Miles' Anti-Pain Pills relieved me almost immediately. Since then I take them when I feel the spell comes over me."

## BANK MONEY ORDERS.

We take this opportunity of calling your attention to BANK MONEY ORDERS, a new feature in banking which we are introducing. You will find them convenient for sending small amounts of money to other cities in payment of merchandise, subscriptions to papers, etc. They are absolutely safe and are payable everywhere. Their payment is guaranteed by the American Surety Company, of New York, which has a capital of \$4,500,000. We issue a receipt for each order purchased. You do not have to write out an application for them, as you do a Postal Money Order, and you are thus saved delay and inconvenience. The cost is also less than the money orders, being as follows:

Amounts \$5 and under, 2 cents,
Amounts \$5 to \$10, 5 cents,
Amounts \$10 to \$25, 10 cents,
Amounts \$25 to \$50, 15 cents,
Amounts \$50 to \$75, 20 cents,
Amounts \$75 to \$100, 25 cents.

## SEAWEED REALLY VALUABLE

Thanks to Writer Who Experimented & Use Is Found for Hitherto Useless Article.

At last we seem to have found an excellent use for seaweed, thanks to an experienced and enterprising writer in Offing. She owned a summer cottage by the sea, which like the Biblical mansion, was built upon sand. Before long the doors began to sag and the whole structure to lose its balance, on account of the shifting of its foundation. It was then that necessity, the mother of invention, came to the rescue, and the seaweed that was continually drifting in with the tide was impressed into service. This was scattered around the house, a few loads of soil sprinkled over it, and in a few years what before was nothing but barren sandhills became a carpet of vivid green, the envy of the neighboring dwellers. Also vegetables, flowers and even hedges made their appearance in time, and the great transformation was complete. No doubt many people who are situated in the same position will welcome this innovation as a godsend.

Compliment Worse Than Wasted. Political Candidate (to editor), whom he is anxious to please—I say, my friend, I've noticed a wonderful improvement in your paper during the past four weeks.

### Easy to Shut Up.

Miss Bleeker—Are you going to the baseball game to-morrow, Mr. Fann?

Fann—Well—er—yes, I thought of going.

"Alone, Mr. Fann?"

"Oh, no, I shall take an umbrella." —N. Y. Times.

### Here's A New One.

Take the number of your brothers; double this amount; add to it three; multiply the result by five; add to it the number of living sisters; multiply the result by ten; add number of deaths of brothers and sisters; subtract 150 from the result. The right hand figure will be the number of deaths; the middle figure will be the number of living sisters; the left figure will show the number of living brothers. And these figures never lie.—Buffalo Commercial.

### Lumberman Killed.

A message from Hyden tells of the killing of Felix Hoskins, a prominent lumber merchant, in Leslie county, by his first cousin, Nick Garrison, also a lumber man, of Hyden. Hoskins had sued Garrison for debt. The latter claimed he did not owe Hoskins anything. They quarreled over this and the shooting resulted.

## NOW IS THE TIME TO GET WELL.

### Nature Helps Mi-o-na Cure Stomach Troubles in Short Order.

The summer months are the best in the whole year for the treatment and cure of stomach troubles. The outdoor life, with natural exercise, the fruit and berries which are so freely eaten, all help to restore healthy action to the digestive organs.

Now when Nature will aid Mi-o-na in curing indigestion and giving strength to the stomach and whole digestive system, is the best time to use this remarkable remedy.

If you suffer with headaches, in

digestion, flatulence, specks before the eyes, fermentation, heart burn, dizziness, or have a variable appetite, and a general feeling of debility or weakness, it shows clearly that the stomach is not digesting the food as it should.

Just one little tablet out of a 50 cent box of Mi-o-na for a few days, and all this will be changed for the better, and health restored. Ask W. S. Lloyd to show you the Mi-o-na guarantee.

### Did Be Remember?

Binks, who had just returned from abroad, to dinner, is telling him what a fine memory his little son Bobby has.

"And do you suppose he will remember me?" said Jinks.

"Remember you! Why, the remembers every face that he ever saw."

An hour later they entered the house, and after Jinks had shaken hands with Mrs. Binks, he calls Bobby over to him.

"And do you remember me, my little man?"

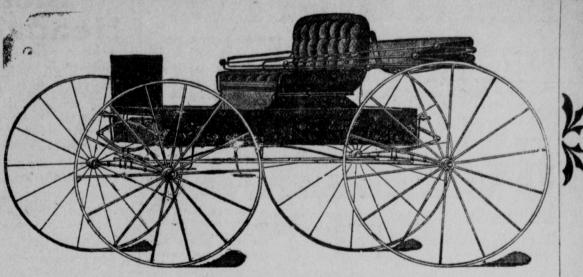

"Course I do! You're the same feller that pa brought home last summer, and ma wuz so mad about it that she didn't speak to pa fur a whole week." —Galveston (Tex.) News.

#### Absolutely Prevents BLOOD POISONING.

There is a new product manufactured in Louisville, Ky., known as Paracamp, First Aid to the Injured, which has proven an absolute preventive of blood poisoning. It is a salve and ointment after receiving any kind of wound. Paracamp is a combination of rare cooling, soothing, salving oils and camphor and oil of wintergreen. Its power in reducing and healing is highly endorsed by the medical profession, hospitals and by all medical institutions where a great many patients enter. Paracamp contains neither opium, morphine nor cocaine. Hence it is a safe, clean, pure remedy which should be kept every house. Mothers will find it far superior to witch hazel, aloe, vaseline, old salves or liniments, because when applied it goes straight to the interior cells, soothing the aches and pains, nourishing the nerves, oiling the muscles, drawing out the fever and inflammation by increasing perspiration. It is the most perfect external application that has been offered to the public, and the demand for it has increased rapidly since it was taken up by American physicians as a useful and meritorious product. We learn from many sources that Paracamp is unequalled for the cure of Neuralgia, Rheumatism, Sciatica and Inflammations. The manufacturers guarantee every bottle to give satisfaction—so no chances are taken by trying Paracamp. It is sold in boxes of 100, 200 and 500 bottles by all good druggists or sent direct upon receipt of price. Manufactured only by the Paracamp Company, of Louisville, Ky., a \$300,000 corporation.
